Cycle route Oriago - Villa Pisani

Starting from the **Il Burchiello restaurant** in Oriago, take the south bank of the river to cycle along the Riviera del Brenta.

For those interested, you can cycle to **Villa Widmann**, arriving at **13.30** to meet our guide and visit the villa.

Guests on the half-day tour on the Burchiello **do not pay admission and guide services**.

The route takes you along the **Naviglio del Brenta** which is overlooked by many splendid Venetian Villas, until you reach the most splendid of all: **Villa Pisani**, admission to which can be paid at the ticket office (**€ 10.00**).

We recommend a visit to the Villa and its huge park, which also contains a romantic labyrinth.

You can choose to take a more scenic route, which involves sections of main road but is busier and has fewer directions.

We wish you a wonderful day!
